LEADING GERMAN DELEGATES  
ONCE MORE IN VERSAILLES

Final Counter Proposals of Germans Have Been Decided Upon, is Claim.

## CONFERENCE IS ACTIVE

Austrian Forces to Be Reduced to Mere Handful of Men and Navy Wiped Out.

Much Work Remains After Actual Signing of Peace Treaties.

(By Associated Press)

Germany's chief peace plenipotentiaries are back at Versailles today, after an important consultation held yesterday at Spa with Premier Scheidemann and other representatives of the German home government.

It had been announced in advance from Berlin that the framing of Germany's counter proposal to the allied peace terms was to be considered at the Spa conference and it seems probable that the final form of these proposals now has been decided upon.

Germany must present the proposals within the the week's extension of time for replying, recently granted her, which expires next Thursday.

While the Germans were absent, the peace conference were by no means idle, but have been devoting much attention to the shaping of the peace treaty to be presented to the Austrian delegates.

As a result, it has been announced that, at a plenary session of the peace conference to be held on Tuesday next, the treaty with Austria will be formally laid before the representatives of the allied nations assembled at Paris. The next day it is expected, the terms will be handed the Austrian delegates.

The military terms of the document, it is understood, will provide that Austria's great army, in 1914 second only to that of Germany, be reduced to a mere handful of fifteen thousand men.

All implements of war now in the hands of the Austrians are to be destroyed, and the further movement of troops is to be forbidden. The naval terms, published in part some time ago, sweep away the whole Austrian navy.

Dispatches from Paris indicate that the work of the peace conference will not end with the signing of the treaties between the allies and the Central powers, Bulgaria and Turkey.

It is said the work of adjusting conflicting views on the subjects which are important to the allies is likely to take considerable time. It is believed, therefore, that American representatives will remain in Paris after peace has been made, and President Wilson has left for the United States, to consider with the representatives of other governments the varied subjects still demanding attention.

GOVERNOR PUTS  
VETO ON FOUTS  
HIGHWAY BILL

Declares Measure is Backward Step for Good Roads.

Republicans Prepare to Pass Over Veto.

(By Associated Press)

Columbus, O., May 24.—Governor Cox today vetoed the Fouts highway bill, and in his veto message declared "it would be false to my every concept of duty if I did not veto this bill, because it menaces the cause of good roads" and is "calculated to set the whole movement back for a decade at least."

Republican leaders in the legislature, contemplating the Governor's action, have declared they will pass the bill over his veto.

The Governor states that there are "some good things in the bill" and that he personally urged the Senate committee to separate them from the "odious features," in order that the "meritorious sections might be enacted," and asserts this was agreed to, but that a "collaboration has ensued since, and the bad is now inseparably associated with the good."

The estimate reveals there had been an operating deficit of \$236,184,940 during the last calendar year and of \$250,000,000 during the first four months of 1919.

Of the total of \$1,700,000,000 appropriated and requested Mr. Hines said \$1,214,000,000 eventually would be returned to the government. This includes money tied up in working capital and advanced on account to the railroad corporations.

Old Bay Liner "Virginia" With 156 Passengers Aboard Burns To Water Edge.

PLACE DEAD AT ONE DOZEN

Members of Crew Are Missing And Several Known to Have Fallen Victims of Flames.

(By Associated Press)

Baltimore, May 24.—The Old Bay liner, Virginia, bound to Norfolk from Baltimore with 156 passengers and a full cargo aboard, was burned to the water's edge near the mouth of the Potomac river last night.

Lieutenant Commander Daws, who was a passenger aboard one of the rescuing ships, was authority for the statement that ten to fifteen persons perished.

Officials of the steamship company say the loss of life will be small but can give no definite figures until the passenger list and list of the crew is compared with names of survivors.

The fire was of undetermined origin. This afternoon the office of the company gave out a list of survivors that totaled up to the number who are said to have sailed last night on the Virginia. It is feared, however, a number of the crew were lost. Only 16 of the 62 were announced as having been landed.

## LAND SURVIVORS

(By Associated Press)

Norfolk, May 24.—Over a hundred survivors were brought to Norfolk this morning on rescue ships and the remainder taken elsewhere. The survivors, half clothed and showing indications of a terror-filled night could hardly give a coherent account of the disaster. The majority of them were asleep when the fire was discovered.

According to members of the crew three negro firemen are known to have perished.

## BOLSHEVISTS LOSING

(By Associated Press)

London, May 24.—A great change has come over the situation in Russia through successes of the various anti-Bolshevik forces there. Official and unofficial news show that Petrograd is closely threatened by the Finns and the Estonians on either side of the Gulf of Finland, and by that of General Maynard, in the region of Lake Onega, while Bolshevik attacks on the Archangel front have stopped.

In addition the Bolsheviks apparently have been unable to check the advance of Admiral Kolchak's forces west of the Ural.

**PASS RESOLUTION FOR REBUILDING COLUMBUS PIKE**

The County Commissioners at a special session adopted resolutions for rebuilding the Columbus pike from the corporate limits of this city to the county line between Cooks and Mt. Sterling, and at the same time passed a resolution providing for the issuance of \$160,000 in bonds to cover the county's share of the expense in the big improvement which has so long been in demand.  
The cost of the road will be approximately \$305,400, of which amount the state pays \$128,000.  
The next step will be sale of the bonds for the improvement and the approval of the State Highway Commission and letting of contract, which probably will result in the beginning

of work on the road late this summer or next fall, so that comparatively little of the work will, in all probability, be completed this year.  
The improvement is one of the most urgent in the county, and the road to be rebuilt has been notoriously bad for the past several years.

**TRAINING CHORUS FOR CELEBRATION**

A chorus of almost 400 school children is being trained under the direction of Miss Elizabeth Sheen, for the May 27th celebration. The children are from the different schools of the city and have been selected with care.  
This immense chorus of voices will occupy the platform which has been erected on the steps of the front entrance of the Court House and patriotic songs will be sung during the ceremonies centering around the Memorial Arch dedication.  
The word "Welcome" will be spelled out in red on a white back ground by the costumes of the youngsters.

**PLANS ON FOOT FOR BOYS' CAMP**

Plans for a boy's summer camp are being made by Secretary Barber of the "Y". This year's camp is expected to be bigger and better than any camp ever put on by the Association. It has not been definitely decided as to the dates on which the camp will be held.  
It has been proposed that the camp be run in two sections. This would be a camp for the larger boys and a camp for the smaller lads. It is thought that this would be a more successful arrangement for a well organized camp than it would be if boys of all ages were to form the one organization.

## GRANITE SHAFT TO COUNTY MAKING BEST RECORD

Fayette County is eligible to the

W. S. S. Sales Contest which may se-

cur a victory memorial without cost

by selling the largest percentage per

quota War Stamps for 1919.

The Ohio war saving committee

announces that it will give a \$10,000

monument to the county selling the

largest percentage of its 1919 quota

of war saving stamps during the

months of June, July and August.

The shaft, weighing many tons and

standing many feet high, is to be

hewn from Barre granite, the most

beautiful and most expensive ma-

terial in the world for such work.

Its distinctive mottled effect makes it

stand supreme as a monumental

stone of dignity, durability and beauty

It lends itself perfectly to high pol-

ishing delicate inscriptions and decora-

tions.

Some of the country's best known

sculptors are now fashioning this

shaft. In design it will be emblem-

atic of victory, while its inscrip-

tions will be commemorative of those

who lost their lives in the great war.

Dedication of the shaft will take

place next Labor Day. The dedica-

tory address will be delivered by Gov-

ernor Cox. Music will be furnished by

the old Fourth Ohio Band (Rainbow

boys), while former American avia-

## The "Fourteen Points"

Germany predicates most of her objections to the terms of the peace treaty, submitted by the allies, upon the claim that the treaty, in the important and especially drastic features, is a violation of President Wilson's now famous "fourteen points."

Germany insists that these points were promised as the basis upon which peace was to be made and that she accepted them with that understanding before the armistice was signed.

That Germany should claim such a violation is not unexpected. That would have been the contention with any treaty save one "made in Germany."

It is remarkable though, when we consider at what time the "fourteen points" were announced and the circumstances surrounding that announcement, how closely the great treaty of Versailles adheres to the principles promulgated by the American chief executive.

President Wilson is a marvelous phrase maker—he stands pre-eminent in his ability to use the English language as a medium of expressing thought and in visualizing ideals which are the foundation of American liberty and American greatness.

There have always been and there are now, a great many people who have felt that some of his splendidly expressed intentions and purposes—his "ideals"—would not stand the test when it came to the difficult task of incorporating them into a practical, iron-clad agreement among the nations.

Some of the fourteen points were vague and uncertain at the time they were given to the world. Developments at the peace conference have not served to make these provisions clear, even now, after the treaty has been framed.

The work of the peace conference, however, has proven that as to those vague and generally expressed "points" there was, necessarily, the same generality of provision in the treaty.

"Freedom of the seas," an expression which was used by all belligerents so loosely during the war, was not made specific in Mr. Wilson's fourteen points. It is not made specific in the treaty provisions.

The greatest "ideal" of all, the formation of a league of nations, has been incorporated into a binding pact which promises the safety of the world. A checking up with the "fourteen points" will disclose clearly the fallacy of Germany's contention as well as proving how remarkably practical the idealistic fourteen points have become and how well they have served as the basis for the greatest treaty of all time.

The strict compliance of the treaty terms with the fourteen points regarding territorial annexations by the victors and indemnities is remarkable. The treaty terms accord too with the fourteen points in the grant of the right of self-determination to subject peoples as well as in the guarantees to smaller nations.

The colonial question was settled, so far as Germany was concerned, prior to the promulgation of the fourteen points. Germany had no colonies at that time to be disposed of in the treaty of peace.

While the fourteen points may be the basis of contention in some of the more general expressions yet in framing the treaty the practical workable announcements have been lived up to with an exactness which is really marvelous.

Germany can have no just complaint based on a variance between the fourteen points and the peace treaty.

## Exit Saloons

War-time prohibition practically becomes effective in Ohio tonight at midnight.

While the law, in terms, would permit the traffic on Monday, the expiration of the license term under the state liquor licensing laws makes operation of the open saloon on Monday practically impossible on account of the heavy fee for only one day's privilege. As a consequence only about one hundred and fifty saloons in Ohio out of a total of nearly six thousand will be operated on Monday.

Following swiftly upon the war-time prohibition, on July first, we have the state prohibition amendment becoming effective and, on January first next, the nationwide amendment to the federal constitution becoming effective.

We may then consider that after tonight at midnight the sale of intoxicating liquor in Ohio ceases.

The fight against the liquor traffic has been a long one passing, in the latter periods, to one based on business rather than moral grounds.

Practical men have refused to become alarmed at the loss in revenue to the political subdivisions and have reckoned the gain in industrial and commercial power as demanding the abolishment of the liquor traffic, as an evil which was undermining the power of the nation.

It's up to every citizen now to obey the laws in letter and spirit and give the world a real test of a nation "dry."

## POETRY FOR TODAY

THE AVIATOR.

Said the Maker of Men one morning  
Then the star of earth was old,  
And the million of human beings  
Were each a tale that was told—  
"I am tired of the self-same pattern  
And the universal plan  
Of creatures that crawl like the tortoise;  
I will make me a superman."

So He took the heart of a lion  
And the vision, keen and true,  
Of the hooded hawk that poises  
A speck in the distant blue,  
And the tireless wings of the eagle,  
And launched in the space between  
The world and the far-off planets  
The god of the flying machine.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

The statement has been given out from Washington that one marriage out of every nine terminates in divorce and while marriage in proportion to the population is steadily increasing, divorce is increasing more rapidly according to the latest report of the Bureau of Census.

Returns, which covered 2,285 counties, or all but ninety-five counties in the United States, showed that the total number of divorces granted in 1916 was 112,036, or 112 per 100,000 of population, as against 84 in 1916, 73 in 1900 and 53 in 1890.

Nevada still holds the highest place in the percentage column, with a record of 607 per 100,000 population, Montana, with 323, and Oregon, with 225 follow. The District of Columbia, North Carolina and New York are the lowest, 13, 31 and 52 per 100,000 population respectively. South Carolina alone is free of divorce, having repealed all laws permitting divorce.

In approximately 69 per cent of the cases divorces were granted to women. The principal causes and the percentages contributed by them were as follows: Desertion 36.8; cruelty, 28.3; infidelity, 11.5; neglect to provide, 4.7; drunkenness, 3.4; all

other cause 15.3 per cent. Wives were more inclined to desert than husbands, however, 50 per cent. of the men and 30.8 per cent of the women receiving decrees on these grounds.

Statistics do not give any information as to whether many of these wives are given ample provocation.

Without doubt the greatest social event in New Holland is the annual High School Alumni Banquet for it marks the yearly home-coming and re-union of the 170 graduates of the school, many of whom come from distant cities and often at great inconveniences to themselves to renew the friendships of their school days.

Many of these graduates are also college graduates and many are filling places of high responsibility and trust.

Last night's banquet was one of the most brilliant of recent years. The town hall was ablaze with electric lights. The auditorium was gayly festooned with the colors of the Class of '19 scarlet and gray, while the ferns, potted plants and a wealth of cut flowers formed the background for the snowy tables and the assemblage of two hundred or more persons.

Departing from the usual custom the business meeting and the reception were held early in the evening, followed by the literary program after which the Juniors of the High School served the elegant three course luncheon under the supervision of Mr. and Mrs. Moeller. The junior girls in their pretty white dresses and the boys in dress suits added a note of beauty and youth to the occasion.

The New Holland Orchestra of

fourteen pieces with Miss Mabel Kirkpatrick at the piano played beautifully throughout the evening. Miss Lattimer's lovely soprano solos added much to the entertainment.

Rev. Pearl Harlan offered the invocation, followed by the address of Welcome to the Class of '19 by Miss Mary Withgott and the response by Miss Leota Barclay of '19.

Miss Helen Gerhardt also of the Class of '19 read an entertaining Class Prophecy. Miss Agnes Kerrigan made a brilliant address and Miss Grace Shipley recited a beautiful original poetic memoir of the fallen hero of the Alumni Corporal Clyde Zeller.

The Alumni News was ably edited by Miss Florence Grimes.

Impromptu speeches were made by Editor Percy May, Doctor Moon, Mrs. Daisy Johnson, Mr. Pryor Timmons, Mr. Hoyt Graham and others.

Seated at the central table with the president and toastmaster, Mrs. Mae Kibbler, were Miss Agnes Kerrigan first graduate of the New Holland High School, the four graduates of the Class of 1919—Miss Leota Barclay Misses Helen and Ruth Gerhardt and Miss Ruby Armstrong, Rev. and Mrs. Pearl Harlan, Superintendent and Mrs. A. W. Stewart.

It was a happy thought the seating at smaller tables throughout the room, the classes of different years. The merry peals of laughter that rang from all parts of the room were evidence of the congenial atmosphere and "the affection that equalizes age and makes our hearts beat as quickly as those who have just joined us."

It was long past the midnight hour before the revelers realized that the festivities must cease and departed happy in the anticipation of plans already made for the coming year.

Mrs. C. Graham Beckel, always a charming hostess, gave an exceptionally lovely Bridge luncheon, of perfect appointments, complimenting her sister, Mrs. R. O. Young, of Asheville, N. C., and Mrs. Michael S. Creamer, of Los Angeles, Cal., Friday.

The table softly lighted by candles was laid with eight covers, the center decoration an exquisite crystal basket of pink and white sweet peas and fern.

At the regular meeting of the Golden Rule Class of Sugar Grove at the home of Mrs. Wilbur Wilson, Thursday afternoon, an election of officers was held. Mrs. Harold Brakefield was chosen President; Mrs. Willard Everhart, Vice-President; Miss Edith Moore, Secretary; Mrs. Thomas Jett, Assistant Secretary; Mrs. O. E. Hardway, Treasurer.

Sixteen members and four visitors were present, and after the lesson study conducted by Mrs. Herbert Cockerill, there was an enjoyable social hour.

The young girls of Mrs. Lucile Altemang's Sunday School Class, the L. P. S. of the Presbyterian Church of Bloomingburg, entertained the young men of Mr. Howard Jefferson's class with an elaborate and beautiful seven o'clock dinner of three courses in the church parlors, Friday evening. The guests were seated at one long table.

A yellow and white color scheme was effectively carried out in the decorations and pretty place cards.

Reflected in table mirrors were crystal baskets filled with buttercups and the same flower was used as guest favors.

The evening was one of merry social pleasure, participated in by entertainers and their guests; Mrs. Altemang, Misses Pauline Haines, Thelma Myers, Geneva McCoy, Bernice, Florence and Edith Foster, Esta Henkleman, Anna Grace McCoy, Ilo Wynn, Aileen Rogers, Doynce LaFol-

lette, Jane Jefferson; Mr. Jefferson, Gerald Stevens, Fullerton Kinkaid, Robert and John Jefferson, Albee Dickey, Harold Loomis and Robert Parker.

A memorable commencement week in the Jeffersonville High School was brought to a most auspicious close in the Alumni Banquet—a beautiful and delightful affair of Friday night at the High School building.

Both lower and upper halls were converted into dining halls, where the Domestic Science Classes under the personal direction of the teacher, Miss Helen Craig, served an admirably prepared and perfectly served banquet, which called forth generous praise.

The class colors, pink and green, were prettily used in decoration in the lower hall and the national colors in the upper.

A hundred and twenty-five members of the Alumni participated and it was a most joyous assemblage, the gastronomic pleasure of the hour whetted by the recalling of happy bygone school days and everything passing off most successfully.

Following the program Mr. Floyd E. Eichelberger, President of the Association made a happy and fluent little introductory address and introduced a delightful hour of speaking and music.

Nathan Ervin, the popular President of the Class of '19, responded in an excellent short speech; Miss Icy Allen gave the Registrar's report and Corwin Williams, of the class of '12 made a very interesting talk.

The musical program included a beautiful violin solo, accompanied by Miss Isabelle Kennan; vocal solos by Mr. Omar Wilson and a pretty vocal solo, "Garden of Roses," Miss Kennan.

A special feature was the community song led by Mr. Omar Wilson, whose fine voice was greatly enjoyed and added greatly to the evening's entertainment. Mr. Wilson, a member of the Alumnus, is instructor in the Conservatory of Music in Cincinnati and has been extensively engaged in Chautauqua concert work.

The Association presented Miss Craig, Domestic Science Instructor, and her class with an immense bunch of carnations, for which Miss Craig voiced appreciation.

Assisting the President were the Reception Committee Misses Louise Fuhs, Ala Zimmerman and Mr. Glenn Hankins of Sedalia; Menu Committee Mrs. F. E. Wilson, Misses Helen Fuhs and Maude Rouston; Program, Miss Frances Watkins, Mrs. Herman Smith, and Mr. Fred Jones; and the Class of '18 with Leonard Williams chairman composed the Decorating Committee.

## GRACE CHURCH CENTENARY FUND IS NEAR \$50,000

Great Forward Movement In Religious Circles is Huge Success in This City and Community.

Every Dollar of Centenary Fund Given for "The Other Fellow."

At a meeting of teams and workers under the direction of Mr. J. E. Mark, at Grace M. E. church, Friday night, it was announced that the centenary fund of Grace M. E. church, which is now virtually completed, had reached near the \$50,000 mark, and subscriptions yet to be made will, in all probability, place it above the \$50,000 mark, or in excess of the goal of \$50,000 which had been sought.

The remarkable response to the call to help "the other fellow" and to lift the indebtedness of the church is regarded as a clear indication of the new era which is dawning in the churches raising funds for reconstruction, missions, and other commendable purposes in the churches.

It has been announced that the church debt of some \$3,000 and an additional pledge of \$2,000 for Conference Claimants, will first come from the huge fund, which is to be distributed in harmony with the Joint Committee and the Boards of Foreign Missions, Home Missions, Freedmen's Aid Society, Education, Sunday Schools, Conference Claimants, Deacons Board and Church Temperance.

SHARP DEBATE  
ON PEACE TREATY

## (By Associated Press)

Washington, May 23. — The peace treaty, with its League of Nations covenant was debated for three hours in the Senate today, and at adjournment the resolution which furnished the vehicle for the discussion went over as unfinished business, to come up again when the Senate reconvenes Monday.

The resolution merely calls on the State Department to furnish the Senate with the complete text of the treaty; but as the debate progressed discussion shifted to the merits of the League and treaty themselves. A dozen senators, including the leaders on both sides, were drawn into the discussion, and sharp exchanges presaged the bitterness of the fight that is to come when the treaty actually comes up for ratification.

The rapid retreat of the Bolshevik, it is added, prevented them from seriously damaging the port works. The allies have occupied the heights surrounding the town.

FRANK A. CHAFFIN  
DIES SUDDENLY  
EARLY SATURDAY

Well Known Attorney and Politician Passes Quietly Away as Result of Heart Disease.

The community was overwhelmed by shock to learn that Mr. Frank A. Chaffin, widely known attorney of this city, had died suddenly at his home on East street shortly after seven o'clock Saturday morning.

All day Friday Mr. Chaffin had been actively engaged in Court and seemed unusually tired upon returning to his home late in the afternoon. He did not feel well in the evening and his wife urged the calling in a physician for which he was unwilling. Early Saturday morning Mrs. Chaffin found him in an unconscious condition and immediately summoned his physician who found the hour for medical attention had passed.

In Mr. Chaffin's death this county loses a successful and prosperous lawyer, who was affiliated with multiple business interests and large affairs as well as a life long resident, whose death brings regret to a large acquaintance, both professional and personal.

Born and raised near Washington, the son of the late Solomon Chaffin, he received his early education in country schools. He studied law with the late John N. Van Deman and, upon admission to the bar, became a partner in the firm of Van Deman and Chaffin, the partnership lasting until Mr. Van Deman's withdrawal upon removal to Dayton.

Of late years Mr. Chaffin was identified prominently with the agricultural interest of the county and engaged personally in looking after his own farm. He also took great interest in the organization and growth of the Washington Savings Bank and Trust Co., of which he was general counsel and advisor. The rapid growth and financial success of this banking institution was a source of great pride to him. Altho a staunch Democrat and prominent in political activities Mr. Chaffin never held or sought public office.

He was an active member of the I. O. O. F. and of the B. P. O. E., and was deeply interested in the charity work of the Elks.

Mr. Chaffin is survived by his widow, one sister, Mrs. T. Dixon, and two brothers, Loten W. Chaffin of Tennessee, and H. D. Chaffin, of Columbus, who have the sympathy of many friends in this great shock.

Mr. H. D. Chaffin was reached in Columbus and made the trip through by auto as quickly as possible. Funeral services will be held Monday afternoon at 2:30 at the First Presbyterian Church.

## NOTICE.

All of the Sunnyside Red Cross workers and all women of Sunnyside who will march in the parade are requested to meet at the Sunnyside school building Tuesday afternoon at one o'clock. White dresses and head coverings.

## MORE PIES WANTED.

More pies are wanted to help feed the soldiers on May 27th, and so far the response to the call for pies from citizens generally has been half-hearted. Mrs. C. W. Soddors, chairman of the committee, desires at least 100 pies for this purpose.

## LADIES OF THE G. A. R.

All members of the Ladies Circle of the G. A. R. are requested to meet at the "Red Cross Rooms" Sunday morning at 10 o'clock to attend services at Presbyterian church.

SUPT. MORGAN TO  
REPRESENT OHIO  
AT GREAT MEETING

Prof. Geoffrey Morgan, well known in this city where he formerly instructed a special class at the high school and gave a number of lectures on various themes, has been honored by being chosen one of two speakers from Ohio who will speak at the National Education Association Convention in Milwaukee, June 28th to July 5th.

Regarding his selection a dispatch from Milwaukee says:

"The State of Ohio has been given signal recognition in the plans for America's greatest educational convention by the selection of Allen T. Burns, Director Survey Committee of the Cleveland Foundation, and Geoffrey Morgan, Superintendent of Schools at Athens, Ohio, as speakers at the main session of the National Education Association Convention to be held in Milwaukee, June 28 to July 5.

"It will be an epoch-making convention because its great problem is the rebuilding of the world by the war and the part of education in this great task. On the other hand, it will be a convention for the average teacher and nearly half of the attendance will be of women teachers from the grade schools of the cities and from the rural schools. The Hotel Plankinton has been selected as the headquarters for the Ohio delegation."

## R. C. HEADQUARTERS.

The Red Cross headquarters will be open all day Monday to give information concerning the parade and dinner. All women of the town and county are expected to take part in the parade.

It isn't pride that makes the gallery gods look down upon the rest of the audience.

## ALIMONY GRANTED

### MRS. A. E. MCCLAIN

Claiming that Arthur E. McClain paid \$3,500 for her Fall outfit of clothing and that they lived in New York hotels, paying from \$30 to \$35 per day, Norma Dye McClain asked the court here to allow her alimony pending the litigation of her alimony suit against Arthur E. McClain.

She testified that McClain was worth \$600,000 and that he had an income of \$50,000 per year, but that when they separated she had but \$300 in cash, which she has since expended for living expenses, and that with the exception of about \$700 in bonds, she is without funds.

These facts were not denied, no other witness being offered, but McClain denies the legality of the marriage.

Judge N. Craig McBride took the case under advisement and now orders the defendant to pay Norma Dye McClain the following amounts for her expenses in preparing her case for trial, for living expenses, etc.

\$350 before May 31st, and \$50 per week thereafter until further court order. Also \$300 for fees and expense of her counsel, Baker & Baker.

The court held that the liberality of the defendant toward the plaintiff during the time they lived together should not be considered in fixing the amount of the alimony.—Hillsboro Gazette.

## MAU'S SHOWS TO BE HERE FULL WEEK

James A. (Little Jim) Straley, former well-known local citizen, was in Washington Friday evening as advance agent of Mau's Shows, which he has booked for a week's exhibition in this city, beginning Monday, May 26th and remaining until Saturday night.

The show, which has been in the south during the winter, comes to this city from Ironton, and while it is claimed the show is not the biggest by any means, that it is clean and carries a great many attractions decidedly out of the ordinary.

The show has been in existence 18 years, but this is the first time Mr. Straley has ever booked it in Washington, his home town.
